You Can Say It's All Over

Howard Jones

You took the love I offered
I tried the life that you lead
The truth was told and forgiven
You sold the strength that I needNow I can see that all you wanted
Was someone you could hold a mirror to
This mirror shattered into pieces
You didn't want to really make things trueAnd the blame that you offered
Is something I didn't need
When the truth beads were counted
Is it you that I freedAnd I can say that it's all over
And I can say that I don't want it too
I found that when I'm in your presence
That I could reach the highest side of youAnd you can say it's all over baby
And you can say it's all over nowOne more chance is what I stopped saying
A colder place to lay my head
Now it's over and truth is bragging
An empty heart and a single bedAnd I can say it's all over
Well you can say that you don't want it too
I found that now I've lost your presence
Love doesn't always let you see right throughAnd you can say it's all over baby
And you can say it's all over now
And you can say it's all over baby
And you can say it's all over now
