Los Coming Soon

We have been friends since we first met
In sunny days
In infancy we played a lot
Stayed up 'till late
The sound of words that we have said
Remember bitter tears
I'm dancing now with my mistakes
Bits of that day
I wonder when
A lovely, natural, the f-f-f-first time i say it
I will love you friend
And always will
If you think i'm sorry
We could rest in peace mate,
Brother, let me tell you
You can pass the past!
