

Gon Get It (feat. Omarion)

LoveRance

I can't help it, I wanna touch
Your body too fine girl I wanna fuck
And if it's too honest, I change it up
And if I make you mad, I'ma make it up So lay your body down girl
Please do not make a sound girl, yeah
The neighbors is gonna hear it,
Dick so good you fear it
Girl I promise you gon feel it in yo belly
All up in your stomach you been on me for a while
I can tell you really want it
Don't worry bout what people say
Just live in the moment
You say this pussy mine so girl I'm bout to own it
She call me daddy oh, she like peach ciroc
With no chase to sip, slow
How you like it, she know that I go ham
So she getting all excited, oh, oh
She been waiting all day for me
This shit for real, nah baby this ain't make believe
Out of my working for bust it wide open girl
We can take our time, baby we ain't gotta rush girl [Hook]
Gonn get it, get it, gonn get it
Gonn get it, get it, gonn get it, girl
You know that you gon feel it girl
You know that you gon feel it girl
Gonn get it, get it, gonn get it
Gonn get it, get it, gonn get it, girl
You know that you gon feel it girl
You know that you gon feel it girl You gon feel it when I go down
Waiting for the showdown
When I pin your legs down
Take my talents downtown
Do I mean south beach
Lick you in between your knees
Your pussy taste good to me
Pineapple on your pussy ring
Overdoing freaky things, I wanna hear your pussy sing
Then I wanna see you cream, lick it up like icecream
Place you on my face, let me lick the plate clean

Stripped out your clothes, use my teeth for the laced things[Hook]

Gonn get it, get it, gonn get it

Gonn get it, get it, gonn get it, girl

You know that you gonn get it girl

You know that you gonn get it girl

Gonn get it, get it, gonn get it

Gonn get it, get it, gonn get it, girl

You know that you gonn get it girl

You know that you gonn get it girl You gonn get, what you deserve,

My tongue going up and down your curbes

You scream my name not in vain

But pain, but on her pleasure come with that

As I rip your waist, as you arch your back

I come inside, as if I, pop that latch

To your pleasure, that orgasm you need it

You can feel me in your stomach,

Well baby I believe it

You gonn get it, like I put your ass on time out

Dick drove your ass crazy, amy winehouse[Hook]

Gonn get it, get it, gonn get it

Gonn get it, get it, gonn get it, girl

You know that you gonn get it girl

You know that you gonn get it girl

Gonn get it, get it, gonn get it

Gonn get it, get it, gonn get it, girl

You know that you gonn get it girl

You know that you gonn get it girl.
