

# Rag Doll

Carrie Rodriguez

You make it hard to love you  
and everytime I do it just turns bad  
and I try to stop this feeling  
knowing you're the best I'll ever have

I've become a floppy rag doll  
for you to toss aside when you grow bored  
you make it hard to love you  
now it's all I seem to know

I make it hard to love me  
everytime you do I lose my head  
and I try to do it better  
remember all the good things that you said

You've become my toy soldier  
for you to toss aside when you grow bored  
I make it hard to love me  
now it's all you're living for

I've become a floppy rag doll  
for you to toss aside when you grow bored  
you make it hard to love you  
but I just do it even more

Oh, you make it hard to love you  
but I just do it even more
