

# The World Is A Ghetto

## War

Walkin' down the street, smoggy-eyed  
Looking at the sky, starry-eyed  
Searchin' for the place, weary-eyed  
Crying in the night, teary-eyed  
Don't you know that it's true  
That for me and for you  
The world is a ghetto  
Don't you know that it's true  
That for me and for you  
The world is a ghetto  
Wonder when I'll find paradise  
Somewhere there's a home, sweet and nice  
Wonder if I'll find happiness  
Never give it up now I guess

Don't you know that it's true  
That for me and for you  
The world is a ghetto  
Don't you know that it's true  
That for me and for you  
The world is a ghetto  
Don't you know that it's true  
That for me and for you  
The world is a ghetto  
Don't you know that it's true  
That for me and for you  
The world is a ghetto  
The world is a ghetto
