

Caboose

Snapcase

do you know yourself
do you know the others
can you pull the weight that rides on another's shoulders
once you've lost yourself to the acceptance mask
 well could you find yourself
 it's not a simple task
 self-inherence
 freedom
 comes from within
 take a different track
it's time to see what you are made of
 can you expose yourself
 can you peel off another layer
 will you make the time
 the time to control
because only you can save yourself
 only you can save your soul
 and once you save yourself
 insecurities will die
 genuine qualities
and true character will shine
 now that you belong to you
 what will the others think
 well, soon they'll follow you
 you'll see they're all so weak
 come on
 can you, let go
 can you, be you
