

# Last Train to London

## Eve St. Jones feat. Massey

It was 9:29  
9:29, back street, big city  
The sun was going down  
There was music all around  
It felt so right It was one of those nights  
One of those nights  
When you feel the world stop turning  
You were standing there  
There was music in the air  
I should have been away  
But I knew I had to stay Last train to London, just heading out  
Last train to London, just leaving town  
But I really want tonight to last forever  
I really want to be with you  
Let the music play on down the line tonight It was one of those nights  
One of those nights  
When you feel the fire burning  
Everybody was there  
Everybody to share  
It was so right There you were on your own  
Looking like you were the only one around  
I had to be with you  
Nothing else that I could do  
I should have been away  
But I knew I had to stay Last train to London, just heading out  
Last train to London, just leaving town  
But I really want tonight to last forever  
I really want to be with you  
Let the music play on down the line tonight Underneath a starry sky  
Time was still but hours must really have rushed by  
I didn't realize  
But love was in your eyes  
I really should have gone  
But love went on and on Last train to London, just heading out  
Last train to London, just leaving town  
But I really want tonight to last forever  
I really want to be with you  
Let the music play on down the line tonight But I really want tonight to last forever  
I really want to be with you

Let the music play on down the line tonight
