Starfield

The New Division

I can see the water falling down from heaven*
Into my life (3x)
See an angel flying through the skies and starfields
In black and white, passing my life, passing my life
Oh I want to go
Oh I want to go
Everything's so happy I just smile and walk these endless miles
Into my life, into my life
There's a feeling that I have no pain despite my being the same
Passing my life, passing through my life
