Slip N Slide (feat. Kid Ink)

Jonn Hart

Yeah, OkHave you dripping like rain girl
You ain't even tripping got a man girl
Cause I be straight hittin' in the paint girl
Does my thang
I ain't gone play no gamesI can make it slip, I can make it slide
I can make it slip, I can make it slide
I can make it slip, I can make it slide
I can make it slip, I can make it slide
I can make it slip
Ooh, how you get it so Gucci?
Stevie J. face like oo-wee
Eat that thang up like sushi
He don't have to go down he Boosie
I can make it slip
I can make it slide
Imma get it wet, he gon leave it dry
Swimming in the pool, let a nigga dive
Little mama lookin' like she puttin' 95
And when I slide in, thr-throw it right back
Your man ain't me he ain't goin' like that
I do it so good shorty begging me to smack
Jumpin' head first, imma make a splashHave you dripping like rain girl
You ain't even tripping got a man girl
Cause I be straight hittin' in the paint girl
Does my thang
I ain't gone play no games
I can make it slip, I can make it slide
I can make it slip, I can make it slide
I can make it slip, I can make it slide
I can make it slip, I can make it slide
I can make it slipNow I can make it slip, and slide
Get you wet one sip, at a time
Now shawty wanna dip, in the ride
Talkin' to her like a pimp, but I tell ya no lie
Baby girl you the truth, soon as I wake up
Hollywood face with an ass from Decatuer
Bay attitude little New York flavor
Everything to me gon show me what ya made of
I see you over there with your BF

Lesbi-honest no secrets
I got a seat wet, mean I got a seat sex, mean I got a seat less
See you at the exitHave you dripping like rain girl
You ain't even tripping got a man girl
Cause I be straight hittin' in the paint girl
Does my thang
I ain't gone play no gamesI can make it slip, I can make it slide
I can make it slip, I can make it slide
I can make it slip, I can make it slide
I can make it slip, I can make it slide
I can make it slipMe and you girl, in my room girl
You know what we gon do (gon do)
Grabbin' on my pillow, its bout' 4 in the morn
And we home all alone
I'll make you drip all night longHave you dripping like rain girl
You ain't even tripping got a man girl
Cause I be straight hittin' in the paint girl
Does my thang
I ain't gone play no gamesI can make it slip, I can make it slide
I can make it slip, I can make it slide
I can make it slip, I can make it slide
I can make it slip, I can make it slide
I can make it slip
