Nothing for me Here

Dope

How many times should I stop and believe in myself
I don't believe much in anything
I've seen enough of the pain and the shame and the blame
It don't amount up to anythingNow I rewind back to a time
Where I would do anything and pay any price
And I need time 'cause I'm starting to think
That the promises ain't worth the sacrificeAnd there's nothing for me here
There's nothing for me hereHow many nights should I walk in my sleep
And I dream of how much I wanna run away
I've had enough of the stress and the mess
I can't take anymore, I gotta get awayNow I know why I'm empty inside
And I'm sure I've only got myself to blame
And I don't try to view the lies
It's just a waste of time, I'll never be the sameThere's nothing for me here
There's nothing for me here
There's nothing for me here
I gave you my life and it's fading away
There's nothing for me here
I gave you my life just to fade awayAnd I can't go on and I can't explain
What everyone's going on, life's falling away
And I can't rewind and there's no escape
It's been so long and I just don't feel the sameThere's nothing for me here
There's nothing for me here
There's nothing for me here
I gave you my life and it's fading away
There's nothing for me here
I gave you my life just to fade awayHow many times should I stop and believe in myself
I don't believe much in anythingThere's nothing for me here
There's nothing for me here
I gave you my life just to fade away
