Love

DJ Mafia

She's the one that I'm lovin
from the very first time when we met
I was buzzin all over her
I can't deny this feeling felt so rightAll my life I was searching for you
a fairytale ... reality
all I need I found in you
it's just us against the world[Chorus] x2
And ohhhh,
I just love the way, you lovin me girl
so ohhhh,
I give everything you want of me girl
I feel L-O-V-E,
a single word gonna change my lifeYeah, now all the lovers in the club, put your hands in the air
I feel L-O-V-E,
a single word gonna chase my lifeShe's the one that I'm lovin
from the very first time when we met
I was buzzin all over her
I can't deny this feeling felt so rightAll my life I was searching for you
a fairytale ... reality
all I need I found in you
it's just us against the world[Chorus] x2
And ohhhh,
I just love the way, you lovin me girl
so ohhhh,
I give everything you want of me girl
I feel L-O-V-E,
a single word gonna change my life
