## Mark Searcy Band

You were the hunter and the queen of the night  
and you were looking for an easy prey  
i was a loner who got caught in your sight  
i was yours and didn't get no saypre-chorus  
one shot of your potion  
now your blood is in my veins, yeah  
it burns like poison  
what the devil have you donechorus  
voodoo woman  
you got me in the mood for some lovin'  
voodoo woman, i swear you put a spell on me  
voodoo womani can't believe the things you're making me do  
now i'm addicted to you, oh no  
hey sister sin your love is needles and pins  
i'm like a puppet on strings
