

# The One

## Planningtorock

We dance to grow  
We grow to give  
We stop to move  
We move to live

Someone's meaning a lot to me

We turn, we take  
We slip, we slide  
We hurt, we break  
We pain, and we cry

but someone's meaning a lot to me

And I don't want to fight it  
I want to love it  
and dont wanna hate it  
I want to love it

Someone's meaning a lot to me  
You are meaning a lot to me

I know the void, the void knows me.  
It keeps us weak, the void told me  
but you are meaning a lot to me.

And I don't want to fight it  
I want to love it  
and I dont wanna hate it  
I want to love it

Someone's meaning a lot to me  
You are meaning a lot to me

You are meaning a lot to me  
You are meaning a lot to me  
You are meaning a lot to me  
You are meaning a lot to me  
You are meaning a lot to me  
You are meaning a lot to me
