

# Lion Of Judah

## Prince

Sitting on the floor of an all white room  
Feeling like the color blue  
Thinking about the words that I can use  
To get this through to you A million mistakes and then some  
I've made with the one's before  
I probably passed my expiration date  
But still I adore you  
Adore you Looking for the energy to take you there  
The place's that you wanna go  
Knowing if I do, your fully aware  
The press will turn it in to a show (A show) Everyone expects this outcome  
But still they jump for all the crew  
I guess should be happy but I'm still not  
Sure that you really love me Love me... Love me... Love me... You love me... [Chorus:]  
Like the Lion of Judah (Judah)  
I strike my enemies down  
As my God is living  
Surely the trumpet will sound  
There was one who would stand by my side  
Through the good and the bad  
Let that one stand with pride  
The best that I ever had Like the lion of Judah Driving away with a smile on my face  
Wind blowing through my hair  
Wondering how you'll feel when you find out  
How much I really care (I care) Hoping that the tears roll down your face (Down your face)  
Your body grasp who we are (Who are we?)  
Two gypsy beggars who only by Vegas  
Came to be a star  
(A super star)  
A star  
That's what we are [Chorus] Lion... Judah... Judah...
