

Things You Make Me Do (feat. Robin Thicke)

Ashanti

The things you make me do
Woo Hoo ahh babe
ahh darling oh nahhh
The things you make me do
The things you make me do
The things you make me do

I think every part of me
is addicted to your touch
cuz everything i got inside of me
got me needing you so much
HEYY
got me open got me coasting
got me floating baby
got me joanzing got me zoning
got me crazy baby
boy im shaking body aching
got me waiting babe
these are all the things
(Things)
the things you make me do

be your wife
ill be the air you breathe
i'll be your drug
do anything you need
the things you make me do
washing dishes
blowing kisses in the bubbles babe
i'll be your bad girl
that loves to get in trouble babe
The things you make me do
be your wife ill be the air you breathe
i'll be your drug do anything you need
The things you make me do
take you shopping for some rims
and buy you jewelry babe
All my friends may think im crazy

The things you make me do

Secret crazy hoes
can't can't on the floor

prbly performers
i'm begging begging for more
Your so naughty and nice
your so naughty and nice
Run ashanti run you know
i wanna chase it ohhhh

Got me open got me coasting
got me floating babe
got me joanzing got me zoning
got me going crazy
boom shaking body aching
got me waiting babe
These are all the things
(Things)
The things you make me do

be your wife
ill be the air you breathe
i'll be your drug
do anything you need
the things you make me do
washing dishes blowing kisses
in the bubbles babe
i'll be your bad girl
that loves

to get in trouble babe
The things you make me do

be your wife
ill be the air you breathe
i'll be your drug
do anything you need
The things you make me do
I'll take you shopping
for some rims
and buy you jewelry babe
All my friends

The things you make me do

Almost too good to be true
Cuz even when i go

got me going crazy
boom shaking body aching

be your wife
ill be the air you breathe
i'll be your drug
do anything you need
the things you make me do
washing dishes blowing kisses
in the bubbles babe
i'll be your bad girl
that loves
to get in trouble babe
