

Acquiesce (Live at Wembley Stadium, 2000)

Oasis

I don't know what it is that makes me feel alive
I don't know how to wake the things that sleep inside
I only want to see the light that shines behind your eyes
I hope that I can say the things I wish I'd said
To sing my soul to sleep and take me back to bed
You want to be alone when we could be alive insteadBecause we need each other
We believe in one another
I know we're going to uncover
What's sleepin' in our soul
Because we need each other
We believe in one another
(and) in know we're going to uncover
What's sleepin' in our soul
What's sleepin' in our soulThere are many things that I would like to know
And there are many places that I wish to go
But everything's depending on the way the wind may blow
I don't know what it is that makes me feel alive
I don't know how to wake the things that sleep inside
I only want to see the light that shines behind your eyesBecause we need each other
We believe in one another
I know we're going to uncover
What's sleepin' in our soul
Because we need each other
We believe in one another
(and) in know we're going to uncover
What's sleepin' in our soul
What's sleepin' in our soul
