

# Victim

## Man Made Machine

Just get me out of here  
I think I found the fear in you again  
I hear you loud and clear  
It's gettin' hard to see you with him

You're not thinkin' words, your sinkin' animus  
You wanted everything, I gave you everything  
So you can take it out on me then I become the victim

Even the wretched eyes can see that I become the victim  
I become the victim, I wanna disappear  
I'm feelin' trapped in here, the emptiness

I'm broken, soaked in tears  
I cannot believe my ears  
I'm over this

You're not thinkin' words your sinkin' animus  
You wanted everything, I gave you everything  
So you can take it out on me then I become the victim

Even the wretched eyes can see that I become the victim  
So you can take it out on me then I become the victim  
Even the wretched eyes can see that I become the victim

I become the victim  
Just get me out of here, just get me out of here  
Just get me out of here, just get me out of here  
You can take it out on me then I become the victim

Even the wretched eyes can see that I become the victim  
So you can take it out on me then I become the victim  
Even the wretched eyes can see that I become the victim

(I become the victim)  
Take it out on me  
(I become the victim)  
Even the wretched eyes can see

(I become a victim)

Take it out on me  
(I become the victim)  
Even the wretched eyes can see

The victim
