

War Of The Worlds

Get Cape. Wear Cape. Fly

If this is the war of the worlds
Then I don't want to be a part
If this is the war of the worlds
Then I don't want to be a part Too busy, too busy, too busy
To talk, you said I wouldn't know
Too busy, too busy, too busy
To understand its time to go And so the next time that you need me
Don't expect a call And this is the weight of the worlds
I think it's time for us to part
And this is the weight of the worlds
I think it's time for us to part Too busy, too busy, too busy
To talk, you said I wouldn't know
Too busy, too busy, too busy
To understand it's time to go And so the next time that you need me
Don't expect a call And we're willing to waste away, like this
When every thing's gone okay 'til you've gone a miss
And all I could be, everything you want me to be
But we haven't spoke in days
Yet, in fact it's been a matter of weeks And so the next time that you need me
Don't expect a call
