

# Razor Blades Under the Dashboard

## Agoraphobic Nosebleed

You fucking killed yourself  
Slit your wrists with my fucking car  
I hope you felt real fuckin' stupid I hope you felt real fuckin' stupid  
On the way to the emergency room  
I had to fix the window you smashed  
But I'll never wash the bloodstains from the floor mats Fucking dead queer  
I hope you feel real fucking dumb  
[Incomprehensible]
