Winning Ground

Eric Saade

oh oh oh oh
We're winning oh oh
We're winning oh oh
We're winning
oh oh oh oh
We're winning oh oh
We're winning oh oh
We're winning

Wanna stand on the edge
Wanna feel that I'm here right now...yeah yeah
Wanna scream from the top of my lungs
Wanna show no doubt... yeah yeah

I've been down for the count
I've been tasting the dirt too long... yeah yeah
Yeah but you take me high from my low
Now I won't come down down down down down...

Calling out for another ground
Won't stop now can you hear the crowd?
We're winning ground
We're winning ground
Calling out let the love surround
To the stars cuz I'm heaven bound
We're winning ground
We're winning ground

oh oh oh oh
We're winning oh oh
We're winning oh oh
We're winning
We're winning ground
oh oh oh oh
We're winning oh oh
We're winning oh oh
We're winning

Put your hands in the air
Be prepared for a brand new day

I was left I was right
Made mistakes but I found my ways

I've been down for the count
I've been tasting the dirt too long... yeah yeah
Yeah but you take me high from my low
Now I'm here to stay... to stay...

Calling out for another ground
Won't stop now can you hear the crowd?
We're winning ground
We're winning ground
Calling out let the love surround
To the stars cuz I'm heaven bound
We're winning ground
We're winning ground

oh oh oh oh
We're winning oh oh
We're winning oh oh
We're winning
We're winning ground
oh oh oh oh
We're winning oh oh
We're winning oh oh
We're winning

Let's go
Look at the stars let's get together [x8]

Calling out for another ground
Won't stop now can you hear the crowd?
We're winning ground
We're winning ground
Calling out let the love surround
To the stars cuz I'm heaven bound
We're winning ground
We're winning ground

I'm calling out...to the stars...
Calling out for another ground...
We're winning ground...
