

# So Long Goodbye

## The Final Solution

Time passes by, direction unknown  
You've left us now but we're not alone  
Before you know it your cup's overflown  
You measured no one that I've ever known  
And it's quite alright and goodbye for now  
Just look up to the stars and believe who you are  
'Cause it's quite alright and so long, goodbye  
We always knew that it'd come to this  
It's times like these I forget what I miss  
Matters of heart are hard to address  
Especially when yours is full of emptiness  
And it's quite alright and goodbye for now  
Just look up to the stars and believe who you are  
'Cause it's quite alright and so long, goodbye  
Well, time passes by, direction unknown  
You've left us now but we're not alone  
Before you know it your cup's overflown  
You measured no one that I've ever known  
And it's quite alright and goodbye for now  
Just look up to the stars and believe who you are  
'Cause it's quite alright and so long, goodbye
