Breadline

Poor Bishop Hooper

I've been searching for a dollar
I've been searching for a dime
I've been searching for a way through ditches and graves to make things right

I have a fancy guitar
I have a fancy name
Still it seems like every good chance bottle or break isn't pouring my way

Wait wait wait wait wait

Hear me tonight
Oh baby don't believe the lie
It doesn't take money to love you right

I've been looking for an honest _____
Still every worthwhile conversation's in the breadline while I wait

Wait wait wait wait wait

Hear me tonight
Oh baby don't believe the lie
Hear me tonight
Oh baby don't believe the lie
It doesn't take money to love you right

Wait
Hear my tonight
Oh baby don't believe the lie
Hear me tonight
Oh baby don't believe the lie
It doesn't take money to love you right
It doesn't take money to love you right
