Strange Days

Ja Rule

- CHORUS {700 & RAMZO} -
no wonder we ain't got a love (got a love)
we livin' in strange days (strange, strange days)
spend it all and we ain't got enough (got enough)
we livin' in strange days (strange, strange days)- JA RULE VERSE 1 -
ha, yeah
no me, no you, no us
we tried, we failed, what's love?
we fucked, you wanna lie up in who talkin' 'bout names, who remain anonymous
could it be her, could it be her? i'm like, what if it was, what if it was? haha
i got sweet dreams only because my life is so strange, gets interesting
for all those who interested, we don't get it in the soap gets intricate
the sex can get infamous, that all depends on just how strange it gets- CHORUS {700 & RAMZO} -
no wonder we ain't got a love (got a love)
we livin' in strange days (strange, strange days)
spend it all and we ain't got enough (got enough)
we livin' in strange days (strange, strange days)- JA RULE VERSE 2 -
love triangle, same circle
the square root to evil is virtues
fresh eat, good dick, what's it worth to you
better question baby, how that work for you?
it's gotta be paranoia, to be a ghost to a good friend, paranormal
knowing the road to the dead end's around the corner,
catchin' before you hangin' and you osama
been smashin' his bitch ass, no drama
and what goes around comes back bitch, it's called karma
boomerang, you ain't givin' a 8 mile as soon as we forget it even happened, alzheimers- CHORUS {700 & RAMZO} x2 -
no wonder we ain't got a love (got a love)
we livin' in strange days (strange, strange days)
spend it all and we ain't got enough (got enough)
we livin' in strange days (strange, strange days)
