

It's Tomorrow Now

Flying Colours

Everything has gone too far
I would like to make a brand new start
If I could make today the end
Tomorrow I will start again Tell me it's tomorrow now... again
Tell me it's tomorrow now... again Even now I try so hard
I just can't seem to leave my past
Behind me there is yesterday
Tomorrow I can run away (?) Tell me it's tomorrow now... again
Tell me it's tomorrow now... again
