Walk On The Wire

Sahara Hotnights

Sunday comes and my baby's not here
I make lonely weekend calls
I got to tell you something
A kid saying I won't be bad no more
Come on, come on did you ever see my ghost before?Who's gonna walk on the wire?
Who's gonna walk on the wire?
Stray cat you talk like a liarOne wrong step on the side of the road
Don't save me when I start to fall
One part luck, ninety-nine part genius
Thin like a paper wall
Come on, come on did you ever see my ghost before?Who's gonna walk on the wire?
Who's gonna walk on the wire?
Stray cat you talk like a liarWho's gonna walk on the wire?
Who's gonna walk on the wire?
I don't wanna be with no otherWalk on the wire
Walk on the wire
Walk on the wire
