

I Love You More Than You Will Ever Know

Never Shout Never

Oh, I know that i am here
and you are there
but we still have our love
we move just like the moon and sun.
The sun comes up the moon rolls down
a world apart but they don't make a sound.
They know their love spins us round.
I've been to heaven , I've been to hell,
I've been to Vegas, and god knows where,
but nothing feels like home like you babe
I love you more than you will ever know
ohh I've got my car and my guitar
a couple pills a couple scars.
I made a wish on a lonesome star.
Star oh star, you shine so bright
wont you grant me one small wish tonight
that i wont die on this destructive path of mine.
I've been to heaven, I've been to hell,
I've been to Vegas, and god knows where,
but nothing feels like home like you babe
I love you more than you will ever know
ohhh ohhh Than you will knowww ohhh
dear I love you more than you will ever know
