

My Time

Caveman

He was an all time lover
Found a way to have the others
It's my time, it's my time, my time, my time And you would say that you'd never
Found a way for all the others
It's my time, my time, my time, my time I want to see you go
'Cause in my life there's nothing else I know
It belongs to him, whoa, whoa
It belongs to him, whoa, whoa It belongs to him, whoa, whoa
It belongs to him, whoa, whoa
It belongs to him, whoa, whoa
It belongs to him, whoa, whoa
It belongs to him
