

I Don't Need Your Love

Angelina

chorus: I don't need your No! No! No!

I don't need your No! No! No!

I don't need your love no more

I don't need your No! No! No!

I don't need your No! No! No!

I don't need your love no more

Thinking about the times we spent together

You said you'd never leave,

but then you left me lonely

and now you're here boy, and you want my love,

no second chances, boy your time is up,

'cause now I'm stronger, and I'm standing on my own,

so...

(chorus)

Do you remember, how you used to say you loved me?

You promised me the world and put no one above me,

I've learned my lesson and I've learned it well,

Now I know better, there's nothing left to say,

The Doors are closed now, I don't want you back no more!

No!

(chorus)

Recordando, el amor que me has dado,

prometias que siempre estaria a tu lado,

pero me dejaste, sin qualquiere razon,

Y me quebraste, el corazon,

He aprendido, y no quiero tu amore!

Ya no quiero mas!
