[Verse 2: Zayion McCall]

Okay we knuckin' and buckin'

And ready to fight

I got my cousin, he with me

And got Lil Zay on the right

And I'm a Detroit baby

And I don't know nothing else

Besides drinking and having parties

And having some fun

I say look in the mirror

What you expect me to do?

I see a 300-S

And got them blacked out rims

I mean I like your style

I'm on a whole 'nother level

If you compare me and you

There wouldn't be no comparings

[Hook: Zay Hilfiger]

JuJu on the beat

JuJu on that beat

JuJu on that, JuJu on that, JuJu on that beat

Now slide, drop

Hit dem folks, don't stop, aye

Don't stop, aye

Don't stop, aye

Running man on that beat, aye

Running man on that beat, aye

Running man on that beat, aye

Running man on that beat

Now do your dance, do your dance, do your dance, aye

You ugly

You your daddy's son
