

# The One

## Medina

you said so many things so many times before  
all your empty words were just a painful cover  
you always promised me that it would always be  
together, you & i would be forever  
i was too blind to see you had a hold on me  
and i fell for every lie, you were so clever  
i tried so hard to read the message in your eyes  
but i wont let go of what we have together there was a time when i was all alone  
i never opened up until we found each other  
tell me why this has to be so hard  
right now i know that we belong right here together even if we hurt each other so  
and even when you lie,  
I just close my eyes and let it go  
not afraid to let all my feelings show  
you'll always be the one, one, one, one  
even if i just wanna run away  
and even if i hate all the stupid silly words you say  
cant deny with you is where i wanna stay  
cuz baby u're the one, one, one, one, one yeahh  
when you say the words you know i wanna hear  
i forget all the pain that i was feeling  
i want those yesterdays to slowly disappear  
so what u did to me ive already forgiven  
you're not the one to blame for all our memories  
and that was long before we ever got together  
you know its you, i guess that it will always be  
cuz you and i belong to one another there was a time when i was all alone  
i never opened up until we found each other  
tell me why this has to be so hard  
and now i know that we belong right here together even if we hurt each other so  
and even when you lie,  
I just close my eyes and let it go  
not afraid to let all my feelings show  
you'll always be the one, one, one, one  
even if i just wanna run away  
and even if i hate all the stupid silly words you say  
cant deny with you is where i wanna stay  
cuz baby u're the one, one, one, one, one oehwww oh ohh  
oehwww there was a time when i was all alone

i never opened up until we found each other  
tell me why this has to be so hard  
and now i know that we belong right here together, babyyoehw heyy yeahh  
i'm not afraid to let all my feelings show  
you'll always be the one, one, one, one  
and even if i just wanna run away  
and even if i hate all the stupid silly words you say  
cant deny with you is where i wanna stay  
cuz baby u're the one, one, one, one, one
