

# The End Of Everything

## Trivium

The fate of our civilization  
Rest upon the fundings of this group  
And I say it is definitely doomed  
What's between the head and the hand  
Understand that the world is much smaller than you, yeah  
And when you think you know what you know  
Then you find there's something else that you can do  
Tonight's the night, the night that we ride  
Tonight's the night we live or we die  
Tonight's the night, the night that we ride  
Tonight's the night we live or we die  
What's between the head and the hand  
Understand that the world is much bigger than you  
And when you think you know what you know  
Then you find there's something else that you can't do  
Right, go forward, step back, yeah  
And I'll tell you when you got it till you got it, come on  
Go forward, you can't hide, yeah  
'Cause it's the end of everything, come on, come on  
Yeah, what's between the head and the hand  
Understand that the world is much different than thee, yeah  
And when I think I see what I see  
Then I find there's something else that I can be  
Tonight's the night, the night that we ride  
Tonight's the night we live or we die  
Tonight's the night, the night that we ride  
Tonight's the night we live or we die  
Right, go forward, step back, yeah  
And I'll tell you when you got it till you got it, come on  
Go forward, you can't hide, yeah  
'Cause it's the end of everything, come on, come on  
Come on, come on, come on, come on  
Come on, come on, come on, come on  
Come on, come on, come on, come on  
Go forward, step back, yeah  
And I'll tell you when you got it till you got it, come on  
Go forward, you can't hide, yeah  
'Cause it's the end of everything, come on, come on  
Go forward, step back, yeah

And I'll tell you when you got it till you got it, come on  
Go forward, you can't hide, yeah  
'Cause it's the end of everything, come on, come on
