

# Fluorescent Jellyfish

## Furthermore

Fluorescent jellyfish are style  
Easy to move with boldness inside  
Ethereal surreal feel that tied  
Tied to the board and waved me goodbye  
On a wave, ride, take it in stride, come up to the sky  
So I can catch my breath  
(Breathe)  
Before going in deaf  
(Please)  
Enough with this weird stuff  
Now let me give definition to who I am by who I am not  
body rot precious  
Filler of asbestos, better than your best wish  
Better restin' lest you're restless  
Rep rep rep list  
Bounce, I like to go unannounced  
You're unaware I was there, even in little amounts  
I said bounce, kick it back off the wall  
Too cool for your own good, here's a clear-all  
Rock, this world for you, whatever the world's coming to  
Whatever the world's going through, we'll rock, this world for you  
We'll rock, this world for you, whatever the world's going through  
Whatever the world's coming to, we'll rock, this world for you  
Fluorescent jellyfish are flash  
Pearly gates, I just walk right past  
Too early for my taste, but who asked  
Did you really think life would last?  
Forever whether on or offshore  
She held my mouth shut and said, "Tell me more"  
You're sure you want to be set free, well  
My advice is don't listen to me 'cause  
The F-I-S-T ATR is far from Norwin  
Alls are heartless I'd like to harness  
The brainy and change it  
From pompous to cute and harmless  
Can't save the world through it, regardless  
Like an artist who only paints darkness  
Athletes who won't play their hardest  
Kick the kids who hate bein' the smartest  
We'll rock, this world for you, whatever the world's coming through  
Whatever the world's going to, we'll rock, this world for you  
We'll rock, this world for you, whatever the world's going to  
Whatever the world's coming through, we'll rock, this world for you  
We'll rock, this world for you, whatever  
the world's coming to  
Whatever the world's going through, we'll rock, this world for you  
We'll rock, this world for you, whatever the world's going through  
Whatever the world's coming to, we'll rock, this world for you
