Born to Die

Bathory

I am not of Jesus Christ I'm not
and I am not a Satanic Child I'm not
and I know not no property of high or low
and I know where I come from and whereto I will goRat race and symbols. Crucifix and flesh.
Politics and fashion. Religion and death.I am just a human being I am
and I am a eat-sleep-fucking-machine I am
and I am another mortal piece of meat.
Yet I am too fast and alive for you to hand no sign on me.Holy writings. Tax and Law. Angel wings or frying.
Suicides no use at all. We're all Born To Die.
