

# At the Cross

[Tori Harris](#)

Soul of Christ, Sanctify me  
Body of Christ, Save my soul  
Blood of Christ, be all consuming  
Water from Your side, wash me clean  
Passion of Christ, strengthen me

Oh good Jesus, hear my plea  
At the cross I know how You love me, how You love me  
I am not my own, how You love me, how You love  
Within Your wounds will You hide me  
Suffer me not to be separated from thee

And from my enemies, defend me in battle, please  
And at the hour of my death call me home

So I with Your saints may praise Thee  
At the cross I know how You love me, how You love me  
I am not my own, how You love me, how You love  
Then if I die, then so will I rise, covered in mercy, clothed in  
Your heart

And if I rise, then so will You reign in me, Jesus reign  
At the cross I know how You love me, how You love me  
I am not my own, how You love me, how You love
