

# Rolls Royce Weather Every Day (feat. Lil Wayne)

## 2 Chainz

I sip drank with my dinner, smoke some gas before breakfast  
Bitches know my name and I donâ€™t have to wear a necklace (2 Chainz)  
Bought a Wraith for Winter and a vert for the Summer  
'Member twelfth grade I sold some work to undercover  
Mama only child we stayed in a one bedroom (tru)  
Used to ride MARTA â€™cause it had more leg room  
I'm a ghetto boy, I came up on Brad Jordan  
First lick I made, I bought five pairs of Jordans  
Make it so bad, two pair were the same  
I see the old me in new cats in the game  
Drop some loose change on some clothes I can't pronounce  
Gun so muhfuckin' big you gotta crouch  
I like pretty girls with some business about theyself  
Bring your best friend, you don't need nobody else  
All about that mula, Netflix, and the Moscato  
In my sex drive, I ride over potholes

I do me, I get high, I get fly, I get paid  
I do me, I get high, I get fly everyday  
I do me, I get high, I get fly, I get paid  
I do me, I get high, I get fly everyday

I just got a text message from wifey, nigga  
I scroll down, the next message from Nike, nigga  
Iâ€™m just doing it too big on these tiny niggas  
I been lost my fuckinâ€™ mind, I never mind these niggas  
Pockets deep and Iâ€™mma get in depth like like Johnny nigga  
Acting like they on the edge, Iâ€™m a step behind these niggas  
Outthink, outshine these niggas  
Eyes chink like Chinese niggas  
Fast lane, fast life, you blink you probably miss us  
You thinking 'bout your missus  
I'm thinking about my missions  
We think you outchea snitching, thatâ€™s why we â€™round here whispering  
I think my palms are itching, I think my bomb is ticking  
I keep that Maggie on me, I think I'm Homer Simpson  
Money over bitches, should be a Bible scripture  
Bitches, hoes, and women, I donâ€™t know the difference  
All I know is this shit, I donâ€™t owe them bitches

I do me and love it, Lord I done overdid it

I do me, I get high, I get fly, I get paid  
I do me, I get high, I get fly everyday  
I do me, I get high, I get fly, I get paid  
I do me, I get high, I get fly everyday

All I know is this shit, I donâ€™t owe them bitches  
I do me and love it, I done overdid it  
I donâ€™t owe them niggas, I donâ€™t owe them niggas  
I do me and love it, I done overdid it
