

# Steal Your Heart

## Trell Blaze

### 1ST VERSE

Girl its my mission to make you be my One and only Love. A cutie a certified beauty

Feels like so long ago I was so surprised what I felt inside for you

Girl, I know its not a fantasy and I wish you felt the same for me

No, I dont know how this came to be but I feel like you were made for me and I want

CHORUS I wanna Steal Your Heart just like a thief in the night and Ill keep

Ill keep it for my own. In return Ill give you mines

And dont break mines cause Ill never break yours. I promise I will treat it like a precious stone

Baby Im for real Im gonna Steal Your Heart and Ill give you mines in return

2ND VERSE When I say youre beautiful, Im not just talkin bout the physical

Your Spirit, your Heart, your Mind I promise, Girl youre one of a kind

And I know that youve been hurt before and you dont know what you feel for sure and

You need something real before you can let go. Girl, I know I know I know

CHORUSBRIDGE Ive been tryin to get with you for so long. You never took me seriously

And, Baby, you gave me your body but not your heart. Now Im feeling like Im incomplete

CHORUSADLIBS I gotta have the rest of you, yea

Tell me, tell me baby baby girl

What must I do?

I know youre afraid of your own heart

But I promise I wont do you wrong

Im gonna protect you, Mami Just give me your heart.
