Murder, Nana, murder, Nana

Murder dem, murder dem mi nuh competition

Sexiness you need some of mine
Come kick it with me shorty
Give me that pussy in advance
Now let me, work it work it hard, yeah

I ain't got a roof I got
Backshots when I ride on cock, plus an attitude like 2Pac got
Achoo I spew every time I come through
With a cannon drum but the na, na, na, taste like rum punch
Make 'em say whoa this pussy like dro
You never seen a dread nigga bow
(No)
This gal yah wicked, come kick it with me shorty
(Wicked, shorty)
I throw that pussy like a boomerang
Uh! Backshots is what they call me
(They call me)
Brown Fox about go bats

Sex game stronger than Barry Bonds and his pops
Neck game longer than giraffes
Get on top you cum first like a warning shot
Blocka, blocka
