Hey Hey

October Fall

Hey hey, look it
You came around again
Didn't think, we'd see you
With how things ended back thenHey hey, old friend
I think, it's been too long
Grab the guitar, let's sit around
And play our favorite songOur bodies breathe of the city street lights
Let's set our watches because tonight's the night
Everyone, get out your cameras
Tonight's a night to rememberMy heart's in sync with these constant memories
When I look back, I wish, I had more of these
Neverland is just around the corner
I'm done with this getting oldHey hey, look it
You came around again
Didn't think, we'd see you
With how things ended back thenHey hey, old friend
I think, it's been too long
Grab the guitar, let's sit around
And play our favorite songHere we are, in my car
Driving under the same lucky stars
That we wished on, we were kids
Let me hear you sayHey, kid I miss this
Hey, kid I miss this
'Cause I miss thisHey hey, look it
You came around again
Didn't think, we'd see you
With how things ended back thenHey hey, old friend
I think, it's been too long
Grab the guitar, let's sit around
And play our favorite songHey hey, look it
Hey hey
(Hey hey)
Hey hey, look itHey hey
(Hey hey)
Hey hey, look it
Hey hey
