Don't Worry About It

N*E*R*D/N.E.R.D.

It's her dark skin
It's your juicy lips girl, ah
She's bad bad, bad ass, uh
She's bad bad, bad ass
She's bad bad, bad ass
(You're so dark girl)
She's bad bad, bad ass
I've been all around the earth
There no girls that kiss me first
But you just stand there with a smirk
But don't you worry about it, ah ow
So baby don't fool with me
If you don't wanna give it up
Don't worry about it
Baby don't fool with me
If you don't wanna give it up
Don't worry about it
I just wanna feel your, uhh
You just wanna feel my, uhh
We should just go feel our, uhh
Imagine but fuck it, don't worry about it, ow
Baby don't fool with me
If you don't wanna give it up
Don't worry about it
(Worry about it)
Baby don't fool with me
If you don't wanna give it up
Don't worry about it
(Worry about it)
Baby look at your girl starin' at me
And her girl in the next seat
They want a menage three, don't worry about it
Ow I said,"Baby don't fool with me
If you don't wanna give it up
Don't worry about it"
(Worry about it)
Chocolate flower uh
(Worry about it)
See, I know I got them other girls

But I wanna learn from you
There's a war goin' on outside no man is safe from
And I'm not tryin' to lose, I need you
They say, damn Pharrell, you have a cold heart, will you move?
So when it comes to a girl like you that moves me
What am I supposed to do? But admit it
You're you're you're bad ass
You're you're, c'mon sing it wit me
She's bad bad, bad ass
(Uh)
She's bad bad, bad ass
(Girl you know you just a)
She's bad bad, bad ass
(Uh)
She's bad bad, bad ass
(Just)
She's bad bad, bad ass
(I said she's)
She's bad bad, bad ass
(She's)
She's bad bad, bad ass
(She)
She's bad bad, bad ass
(She)
Don't worry about it
Don't worry about it
