

# Til Then

Elizabeth Cook

We're gonna find a pot of gold  
We're gonna get out of the cold  
We're gonna reach the top again  
    But what'll we do til then  
    We got these irons in the fire  
        Not like our situations dire  
    Soon I'll have an egg out of this hen  
        But what'll we do til then  
        We're gonna win the lottery  
        We got the ticket you and me  
    We're gonna watch our ship come in  
        But what'll we do til then  
        What are we gonna do  
        Til our dreams come true  
        What'll we do til then
