Soco Amaretto Lime

Brand New

Passed out on the overpass
Sunday best and broken glass
Broken down from the bikes and bars
Suspended like spirits over speeding cars
You and me we're kings over the parkway tonight
And tonight will go on forever while we
Walk around this town like we own the streets
And stay awake through summer like we own the heat
Singing 'Everybody wake up it's time to get down'
(Wake up everybody, everybody wake up it's time to get down)
And when I pass the bottle back to Pete
On the overpass tonight, I bet we laugh
I'm gonna stay eighteen forever
(Cut me open)
So we can stay like this forever
(Sun poisoned)
And we'll never miss a party
(This offer)
'Cause we keep them going constantly
(Stands forever)
And we'll never have to listen
(New haircut)
To anyone about anything
(New bracelet)
'Cause it's all been done and it's all been said
(Eyeliner)
We're the coolest kids and we take what we can get
The hell out of this town find some conversation
The low fuel lights been on for days, it doesn't mean anything
I've got another 500, 'nother 500 miles
Before we shut this engine down, we shut it down
I'm gonna stay eighteen forever
(Cut me open)
So we can stay like this forever
(Sun poisoned)
And we'll never miss a party
(This offer)
'Cause we keep them going constantly
(Stands forever)

And we'll never have to listen
(New haircut)
To anyone about anything
(New bracelet)
'Cause it's all been done and it's all been said
(Eyeliner)
We're the coolest kids and we take what we can get
(Wait forever)
(You're just jealous 'cause I'm young and in love)
Eighteen forever
(First kisses)
(Your stomach's filled up but you're starved for conversation)
So we can stay like this forever
(New stitches)
(You're spending all your nights growing old in your bed)
And we'll never miss a party
(Collar weekend)
(And your tearin' up your photos 'cause you wanna forget it's over)
'Cause we keep them going constantly
(Appearance ticket)
(You're just jealous 'cause I'm young and in love)
And we'll never have to listen
(November to)
(Your stomach's filled up but you're starved for conversation)
To anyone about anything 'cause it's all been done
(Remember)
(You're spending all your nights growing old in your bed)
And it's all been said
(Night swimmers)
(And your tearin' up your photos 'cause you wanna forget it's over)
We're the coolest kids and we take what we can get
Just jealous 'cause we're young and in love
You're just jealous 'cause we're young and in love
You're just jealous 'cause we're young and in love
You're just jealous 'cause we're young and in love
You're just jealous 'cause we're young and in love
You're just jealous
