

Smoke Won't Get Me High

Beach Baby

Father said
Be now with your brother
You're both young
There's no law!
Lie now with your lover
Sleep will come I'm up all night
And still
I don't know why
My eyes won't bite
And smoke
Won't get me high!
Now the days
They move so much quicker
And we need the light
And all the sounds
You can take them with you
You're deaf when you die!
I'm up all night
And still
I don't know why
My eyes won't bite
And smoke
Won't get me high!
(High, high)
