

I Can't Let You Go

B.B. King

What did I do wrong, baby?
I tried to keep you satisfied
Whenever you needed me
I was right there by your side Now tell me
What's the reason, baby?
What's the reason
You're leaving me? I ain't got nobody else
Baby, it's always been you
'Cause there ain't nobody
Ain't nobody else can make me feel
The way you do I love you, I love you
I love you so, baby
You know I just can't
I just can't let you go
