Bad Guy

Boosie Badazz

Leave me alone, I ain't 'bout no trouble
But I could be
I'm just tryna get my cash again
They gon' make me turn into the bad guy againI'm the type of nigga to give you a job if you say hi
But I'm not the type that's gon' let you slide if you rob me
At Six Flags on a roller coaster probably
Always shakin' backin' the H, on the molly
Not bother nobody for real
I don't want me a robbery, I don't want me a body
I just beat about it, MJ and RayRay need they papi
Murder this shit, get sloppy
I'd rather be in Vegas droppin' this shit on the table
Winnin' big, pitchin' the waiter
Leave me alone, I just want happiness and family time
But I ain't pussy, I'mma let you know, I'mma handle mine
Hope you don't call my call and dial 'cause I'mma answer, man
Shoot this 40 straight through your heart, I be your ValentinePlease, please just leave me alone
Ain't 'bout no trouble, but I could be
Niggas be talkin' like they gangsta
But if I bring it to 'em raw they just gon' tell on me so
Please, please just leave me alone
Ain't 'bout no trouble, but I could be
I'm just tryna get my cash again
But they gon' make me turn in to the bad guy againI never started niggas, I never bothered niggas
I never talked at all, it was nothin', I slaugther niggas
Got daughters, nigga, ain't got the time to be goin' to war with you
'Cause if you don't know I know, what a real street walker do
Niggas hunt for you, all day, boxin' lunch for you
Never new faces, always these same cases who ran with you
I'm tryna hunt a billion dollars, not tryna hunt for you
I'll spray you down, you goin' downtown and run your rudy poo
You want beef behind a bitch, watch what she do to you
Send you where the sun don't come out, signature nigga, Boosie crew
I just wanna feed my fam, act a ass on Instagram
Readin' everyday that I was in the pen, missin', manPlease, please just leave me alone
Ain't 'bout no trouble, but I could be
Niggas be talkin' like they gangsta
But if I bring it to 'em raw they just gon' tell on me so
Please, please just leave me alone

Ain't 'bout no trouble, but I could be
I'm just tryna get my cash again
But they gon' make me turn in to the bad guy againBut they gon' make me turn in to the bad guy again
But they gon' make me turn in to the bad guy again
But they gon' make me turn in to the bad guy again
