

# Bed Case

## Tancred

I remember touching down  
I remember the smell and the sound  
White flowers in the parking lot  
With you, I remember quite a lot  
These days, I've become quite the bed case  
Feel like I'm five-by-five  
Do I want to save the world or just cut out its insides?  
You make me feel like god  
Even when I'm down below  
You make me feel so good  
I think I'm gonna blow  
I think I'm gonna blow  
You look like California  
Take me there, take me there  
You put me in a coma  
But I don't scare, I don't scare  
You make me feel like god  
Even when I'm down below  
You make me feel so good  
I think I'm gonna blow  
I think I'm gonna blow  
You make me feel like god  
Even when I'm down below  
You make me feel so good  
I think I'm gonna blow  
I think I'm gonna blow  
I think I'm gonna, gonna blow
