

# Salem, Ark.

## Byzantine

Witch hunt is over  
Six lives are overLook to the father for the truth  
The killer smiles without a tooth  
Mothers weep as angels die  
Witches burn for Salem's liesThese poor children gave their lives  
Castrations upon the knife  
Frozen still upon the ground  
A life once lost without a soundThe truth will never set you free  
A muting of the callow  
Execute this paradise  
Upon thy graves so shallowWitch hunt is overWhat we face is the price to pay  
It is all debased and defiled  
By the ignorant we nominate  
To eradicate evidence of DNA  
That would set the doves free once and for all[Solo: Tony]
