You pick up the cards that they're dealing to you  
You can throw down or showdown  
The bluff makes a fool out of you  
The ante goes up and your luck runs down  
It's a strange game  
It's a damn shame  
But somebody's going to lose  
It don't matter -- lose or win  
You can deal 'em again

A handful of hearts and you're playing to win  
It goes down and you're put down  
And that takes it all out of you  
One last hand and you're going for broke  
The cards fall and you take all  
Just when you thought you were through  
It don't matter -- lose or win  
You can deal 'em again

You pick up the cards that they're dealing to you  
You can throw down or showdown  
When love makes a fool out of you
