

Perfect Gang

Fiddler's Green

Ya bastards stand in line
The moon's out just in time
The boys are back in town
And they won't keep it down
The bells are ringing highYa zombies stand in line
We'll live like there's no time
The boys are back on track
All hands to get on deck
We're going up cloud nineWe are a perfect gang tonight
And all our fears are out of sight
And we'll walk
And we'll drink
And we'll dance
And we'll sing
Until we see the mornin' light
We are a bunch of friends
Our friendship never ends
We're gonna mess around
And make a raucous sound
We do not sleep a wink
Our eyes don't even blinkYa people in the crowd
Come on and scream out loud
The gang is in the hood
And sleeping is no good
'Cause everything's allowedWe are a perfect gang tonight
And all our fears are out of sight
And we'll walk
And we'll drink
And we'll dance
And we'll sing
Together
We are a perfect gang tonight
And all our fears are out of sight
And we'll walk
And we'll drink
And we'll dance
And we'll sing
Until we see the mornin' lightWe're sticking together
We know that we're free

A perfect connection
That everyone sees
And we'll dance, and we'll sing
And we'll drink, and we'll walk all night
The freaks are coming home
The road to hell is long
We'll take that rocky road
Together
Put on your party dress
And let's all raise a glass
Let's drink the holy brew
My friends, so cheers to you
Ohohoh
Ohohoh
Ohohoh
Ohohoh
We are a perfect gang tonight
And all our fears are out of sight
And we'll walk
And we'll drink
And we'll dance
And we'll sing
Together
We are a perfect gang tonight
And all our fears are out of sight
And we'll walk
And we'll drink
And we'll dance
And we'll sing
Until we see the mornin' light
