

All Else Fails

[bryan master](#)

an invitation to my father
apologies for this falter
it must have snuck up on me
how embarrassing it can be

parking my life from the cascade in my head
now just look what i've done
if all else fails
i'll just melt here in my dust
watching what i have become

father, why did you allow to pick upon your fruit
mother, why did you endow me when i could never suit
a reaction to the craving boiled with the shakes
my blood sugar will be saving for the tantrum that it makes

parking my life from the cascade in my head
now just look what i've done
if all else fails
i'll just melt here in my dust
watching what i have become
all else fails (x4)
