

Runnin' & Gunnin'

Hank Williams III

Well, I'm a runnin' and gunnin'
A little bit crazy
Got half drunk on the day they made me
I don't know why, I guess it's in my genes Well, I'm a runnin' and gunnin'
A little bit shady
Got half-stoned on the day they made me
I don't know why, I guess I'm dangerous and mean (You better)
Look out, baby, oh, you better watch out
Look out, baby, oh, you better watch out
Look out, baby, I'm dangerous and mean Look out, baby, oh, you better watch out
Look out, baby, oh, you better watch out
Look out, baby, I'll drop you to your knees Well, I'm a runnin' and gunnin'
A little bit shady
Got tattooed on the day they made me
I don't know why, I guess I'm dangerous and mean Well, I've got my 4-speed, 2-door Chevy
Driving outta hell
Like Satan's gonna catch me
I don't know why, I guess it's in my genes (You better)
Look out, baby, oh, you better watch out
Look out, baby, oh, you better watch out
Look out, baby, I'm dangerous and mean Look out, baby, oh, you better watch out
Look out, baby, oh, you better watch out
Look out, baby, I'll drop you to your knees Well, I'm a runnin' and gunnin'
A little bit crazy
Got half-drunk on the day they made me
I don't know why, I guess it's in my genes Well, I've got my 4-speed, 2-door Chevy
Driving outta hell
Like Satan's gonna catch me
I don't know why, I guess I'm dangerous and mean (You better)
Look out, baby, oh, you better watch out
Look out, baby, oh, you better watch out
Look out, baby, I'm dangerous and mean Look out, baby, oh, you better watch out
Look out, baby, oh, you better watch out
Look out, baby, I'll drop you to your knees
